Question 1: What is the CSIA Scholarship Program? How do I apply and what is the deadline?

Answer: The CSIA Scholarship Program promotes ongoing education by offering financial assistance to aspiring full-time and part-time Ski Instructors that have unmistakably demonstrated their commitment to the sport of skiing and have distinguished themselves by their initiative and involvement in their Snow School. The Scholarship Program offers an incredible opportunity to support your growth through our system, so take advantage of this opportunity and apply!

The CSIA Scholarship Program grants selected applicants with a one-time use promo code, applicable on one or more Certification Programs required to reach their next level of certification, up to a value of \$500 (\$1000 when applied towards the Level 4 Academy) to be used during the 2023-2024 season. All Certification Pathway Programs are eligible, excluding the Level 4 Academy Selection Camp and Exam.

The Candidate must:

- be a Regular Member in good standing (renewed membership) with the CSIA. Newly certified Members in 2023-2024 are not eligible;
- include a summary of their involvement and dedication within their Snow School, including any specific achievements or recognitions received and outline their career objectives within the Ski Industry;
- include a letter of recommendation from their Snow School Director;

Question 2: Can I apply for the CSIA Scholarship even if the program that I want to take has already happened?

Answer: Yes, selected applicants who have already completed their registration are issued a refund, instead of the promo code.
